

### *Welcome two newest expecting Little Flower Moms!*

Dear Family, Friends and Community,  
Autumn Greetings! We have had a summer full of blessings at The Little Flower! In late July, we were blessed to take a short pilgrimage to Las Cruces, New Mexico for the installation of the new Archbishop Peter Baldacchino. It was a very special blessing for The Little Flower and for our moms because as part of this journey, we stopped at the Shrine of The Little Flower in Albuquerque to pray in front of a relic of St Therese! It was a holy and beautiful experience for our moms! Having a chance to encounter Christ and witness the Catholic Church in this way is something that can not be found in the secular shelters of the world! There are only a small handful of maternity homes in Colorado and each one serves the same clientele, but goes about it with a different goal. Here at The Little Flower, our entire mission points toward Christ in all that we do. It is a mission of evangelization and pointing the moms toward eternal life. We saw a clear sign of this in May, when one of our graduate moms passed away suddenly. To think that she was called here beforehand to give life to her baby and to have a genuine encounter with Christ is something so very beautiful. Yes, our moms don't always make the healthiest or wisest decisions, but the experience of living at The Little Flower gives them the opportunity to know God's great mercy and grace for them. This work is not easy and many days it is a very big challenge, but I am humbled and honored that God has chosen me, even in my weakness, to lead this mission to love and to serve these mothers, whom He has called here. As supporters of this mission, you have been called by God. The support you give (in all ways) is a sign of the providence and love of God for our moms! I pray for each and every one of you— our supporters— that you will be blessed with God's abundant graces for your generosity to our Catholic Pro Life mission!

*St Therese, The Little Flower, Pray for us!*
